

ICESGE-22 Virtual Conference

International Conference on
Environmental Science and
Green Energy

from 09th to 11th December 2022
Shenyang, China.

ICESGE Invitation letter

Dear _____

Our great honor is to tell you that the International Conference on Environmental Science and Green Energy (ICESGE 2022) will be held in a virtual mode in accordance with the epidemic prevention requirements of the local government of Shenyang, China, from 09th to 11th December 2022. It is organized by the School of Environment and Chemical Engineering, Shenyang University of Technology as well as Nisantasi University(Turkey) and co-technically supported by IEEE Industry Applications Society and ETDIS.

Given your outstanding academic achievement and strong international reputation in environmental science and green energy, we are pleased to formally invite you to attend ICESGE 2022 to share your excellent research findings with scientists and experts around the world, where all expenses should be covered by yourself if have.

All accepted and presented papers will be published in IEEE Xplore with ISBN and submitted to *Scopus*, *Ei Compendex (CPX)*, etc., for indexing.

The conference date: Dec. 09-11, 2022

The conference location: Shenyang, Shenyang University of Technology(Virtual Conference)

The virtual platform: ZOOM/TM

TEL: +86-536-732-1883
